

PRESS RELEASE

City of Ringgold, Georgia

October 12, 2018

Climb on Board the Recycling Train

Starting on the first and third Mondays of October for just a \$25 deposit for the can and \$5 a month, the Mayor and City Council of Ringgold are excited to offer residents and businesses the opportunity to have curbside recycling. "I am very proud of the citizens of Ringgold who are willing to take the next step in reducing our waste stream", said council member Sara Clark. To register for this curbside service please go to the Ringgold City Hall at 150 Tennessee Street, visit

www.cityofringgoldga.gov, or call 706-935-3061. With your application you will also receive a list of what can and cannot be recycled.

We will be saying goodbye to our LaFayette Street Recycling Center on November 27, 2018, but if you would like to continue dropping off your recyclables, you can do so at the following locations in the cans marked recycling:

Ringgold City Hall on the Mountain Street side

Ringgold Depot at 101 Depot Street

Ringgold Public Works Shop at 761 Sparks Street

Ringgold Recreation Complex off Emberson Drive

Many thanks to councilmember Clark for her diligence in spearheading this recycling effort in the city of Ringgold.
